

FGD Mist Eliminator

除雾器

Technology Key & Advantages

Reduced Height

Reduction of height of FGD tower. Lower height means Less cost

Only One Layer of Structural Support Beams

Reduced number of support beams means reduced construction cost

High Separation Performance

Less Washing & No Clogging

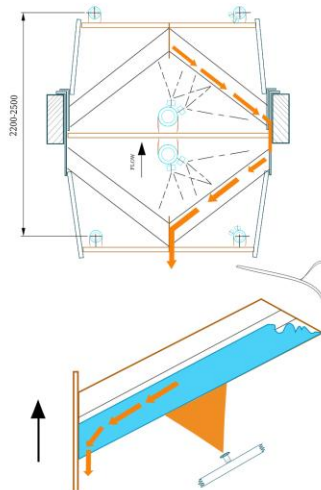

Designed for effective washing
Very low risk of clogging

技术关键及可靠性

APA 除雾器以现代空气动力学原理和脱硫系统的实际情况相结合实现了最优设计，降低了除雾器的整体高度并实现了单层支架结构，从而降低了设备成本。

APA 除雾器根据不同的脱硫工艺要求进行设计以确保高效除雾效果。

APA 除雾器设计最大限度的降低了除雾器堵塞的可能性，并配有有效的冲洗装置确保除雾器有效工作和减少维修保养。
